## About Us

With an increasingly complex world, ensuring the safety of our communities has become paramount. At Equature, we understand the weight of this responsibility and have dedicated ourselves to developing a groundbreaking solution: Equature Aware - an advanced weapons detection solution designed to detect weapons when brandished with a proactive alerting approach.

## Our Mission

At Equature, we are committed to creating a safer tomorrow for everyone. With Equature Aware, you can have peace of mind knowing that your loved ones, students, and communities are protected from the threat of mass shootings. Let us work together to build a world where no one has to worry about attending public events or sending their children to school.

## Industries We Serve
